### Notes:

Other activities and consumable items e.g. excursions, camps and booklists are charged in addition to the annual fees.

The IT Device Levy covers part of the cost of the provision of a dedicated laptop to all students from Year 5 to Year 12. The Queensland Government directly provides to schools an allowance for textbooks and resources for each student (in 2023 \$146 for students Years 7 to 10 and \$317 for students in Years 11 and 12) which we also allocate to partially fund the student's dedicated device. Parents are entitled to opt to receive this allowance from the school. Requests must be made in writing and parents should be aware that if they take this option, they will incur an additional levy to fully cover the cost of their child's dedicated device - this additional levy would exceed the allowance for textbooks and resources.

Thank you for your continuing commitment to Mancel College. We are grateful of how much parental support we receive, both through payment of tuition fees and so many other forms of generous help.
